

Code Review for Assignment 2: Team 10

Summary:

During the code review for Team 10's Assignment 2 project, it was discovered that their Git repo was not accessible. Despite attempts to contact the team, the repo remained inaccessible, preventing a thorough code review from taking place.

Details:

Team 10 was contacted via email to request access to their Git repository for Assignment 2. The team responded, stating that the repo had been taken down but would be back up by Friday morning. However, as of the date of this review, the repo remains inaccessible, and no further communication has been received from the team.

The screenshot shows the GitHub profile page for the organization 'BigDataIA-Spring2023-Team-10'. The page includes a header with the organization's name and a 'Follow' button. Below the header, there are tabs for 'Overview', 'Repositories', 'Projects', 'Packages', and 'People'. The 'Overview' tab is selected. Under 'Popular repositories', there is a list showing 'Assignment_1' as a public repository with 2 HTML files. The 'Repositories' section includes a search bar and a list of repositories, with 'Assignment_1' being the only one shown. It is a public repository with 0 stars, 2 forks, and 2 watchers, last updated last week. The 'People' section states that the organization has no public members. The 'Top languages' section shows HTML as the primary language. A 'Report abuse' link is also visible.
